

MCA TYP(SEMESTER – II)

CSL4097: Deep Learning

(Common for Regular and Reappear students)

Time: 1 hour

Marks: 30

Note: Attempt all the questions

1.	Discuss brief history of Deep Learning?	(7.5)
2.	Draw and explain the diagram of a Multilayer Perceptron?	(7.5)
3.	What are the main stages of the backpropagation algorithm?	(7.5)
4.	Explain the concept of transfer learning with the help of an example?	(7.5)
